

## FEET & BUMPERS

Plastic/Rubber- Like

Looking for a foot or bumper?

On the following screens are the wide variety of standard injection molded plastic feet and bumpers offered by [Komtech](#). Our many stock sizes and styles are made from Polyethylene or our amazing new rubber-like Polyastomer® formulations. Polyastomer feet and bumpers are designed to replace old-fashioned rubber parts with better properties and 30% lower prices.

If none of our stock parts meet your needs, [Fax](#), [Mail](#) or [E-mail](#) the details of your application to us and we will quickly provide you with our design input and quotation.

Komtech USA Inc
